700

CASØ 700 serien er udviklet i samarbejde med Steffensen&Würtz.

Møbelserien er i et klassisk, elegant og enkelt design, hvor hvert møbel er sit eget og har en detalje, der kan udforskes.

For Steffensen&Würtz handler design om at skabe produkter, som tilføjer værdi til hverdagen. De er nysgerrige, ærlige og åbne, hvilket også afspejler sig i deres design, hvor funktion, form og detaljer udforskes.

"Vi har i designet af CASØ 700 haft fokus på at skabe bløde, men definerede overgange mellem elementerne, hvor vi har arbejdet i spændingsfeltet mellem det bløde og stringente udtryk for at skabe et elegant og roligt miljø."

The CASØ 700 series is developed in cooperation with Steffensen&Würtz.

This series of furniture is made in a classic, elegant og simple design, where every piece is it's own and has a detail to explore.

For Steffensen&Würtz, design is about creating furniture that will add value to everyday life. They are curious, honest and open, which is also reflected in their designs, where functionality, form and details are explored.

"In designing the CASØ 700 series, our focus has been on creating soft but defined transitions between the elements. We have been working in the tension field between the soft and the stringent expression in order to create a calm and elegant environment."

KOEFOED

Koefoed by CASØ, Peter stol / chair

Peter stolen er designet af Niels Koefoed og kom til verden i 1957. Stilen er let og minimalistisk og var allerede dengang en succes.

The Peter chair came from Niels Koefoed's drawing board in 1957. A light and minimalist style made it a raging success already at the time of its launch.

Koefoed by CASØ, Eva stol / chair

"Eva er smal over skulderne, har fyldige hofter og repræsenterer de feminine linier på en værdig måde". Ordene kommer fra designer Niels Koefoed, og året er 1964. Eva stolen var en del af Koefoeds Møbelfabriks varemærke "De tre dejlige piger", og var den mest populære stol hos Koefoeds Møbelfabrik.

"Eva has narrow shoulders, full hips and is a worthy representative of the feminine curves". The year is 1964, and these are the words of no one else but designer Niels Koefoed. The Eva chair was part of Koefoeds Møbelfabrik's "Three Beautiful Girls" brand and also the most popular dining chair to come from Koefoeds Møbelfabrik.
